

Sales and Cost

The Sales and Cost report summarizes the results from processed sales and item transactions. It lists sales, costs, gross profit amounts, and percentages for a variety of time periods. Sales are organized by menu groups. Each sale item is listed with its associated POS item number, unit of measure, quantity sold, percentage of subtotal, total sales with its percentage of subtotal, total costs, cost percentage, gross profit, gross profit percentage, and gross profit percentage of the subtotal.
