

Aloha Gift Certificate Manager

Aloha

Gift Certificate Manager lets you set the rules for gift certificates in advance, then makes it easy for employees to sell and redeem them. And tracking is a snap! An outstanding way to increase sales and do a little "self-promotion," the gift certificate has never been easier. Aloha offers simplicity and control, yet advanced customization. No high priced forms, no manual design required, no mistakes — the Gift Certificate Manager lets you and your staff create certificates easily, while providing the security to your business you didn't realize was available.

Features

- » Aloha Stored Value Gift Cards links all stores in real-time.
- » Multiple gift certificate types
- » Drag-and-drop design tool lets you create and define your own certificates
- » Batch issuance capability
- » Individual tracking of data for each issued and redeemed certificate
- » Certificate inventory available in real time from any POS terminal
- » User-defined issuance, sales, and redemption rules
- » Records banquet deposits and usage
